

# Terra Nova Community Farm

10351 NW Thompson Rd. Portland, Oregon 97229

**Terra Nova Community Farm** is a small, student-run farm on a  $\frac{3}{4}$  acre plot at **Terra Nova High School**. We are offering the unique opportunity to invest in a small local farm. For just \$500, members receive a weekly box of **fresh, lovingly grown produce** for 21 weeks – from late May to mid October. Members also receive a **weekly newsletter** with facts about our produce, delicious recipe ideas, and stories from the farm. We are committed to **building community** through this project and invite members to get involved (i.e. student lead tours, planting, weeding, harvesting, teaching, marketing, etc.).

**Terra Nova Community Farm** is a school-based entrepreneurial venture. With the guidance of an experienced farmer, our self-motivated students run the day-to-day operations of the farm. Through their work on the farm, student farmers earn High School credit in core content areas and electives. In addition, they gain **real world work experience**. Your investment goes toward developing and sustaining this student-run business.

Our intention is to grow in size each year, but given our current size limitation, we are only able to offer 30 shares. In the event that interest exceeds capacity we will choose members through a lottery system. If you wish to own a share of the farm, please fill out the form below and return it to [Terra Nova High School at the address above](#).
